FIRE ACTIVITY

Cal OES Fire Preparedness Levels		
National	Northern California	Southern California
Preparedness Level 2	Preparedness Level 3	Preparedness Level 2
	Multi-Agency Coordination System MACS Mode: 2	Multi-Agency Coordination System MACS Mode: 1

Please note: The National and Regional Preparedness Levels are maintained by the National Multi-Agency Coordination (MAC) Group and are separate from Cal OES activation levels.

INLAND REGION

Cherry, Vegetation Fire, Siskiyou County

Location: Cherry Maple Rd. Klamath River, 18 miles NW of Yreka, Klamath National Forest

Jurisdiction: Federal DPA, FRA

Per Cal OES Duty Officers as of 06/28/18 at 0845 hours:

- 100 acres grass, brush, and timber, 50% contained
- Forward rate of spread has been stopped

Hyatt, Vegetation Fire, Lassen County

Location: Hyatt Ln. x Standish Buntingville Rd., 5 miles east of Janesville

Jurisdiction: State DPA, SRA

Per Cal OES Duty Officers [and ICS-209 as of 06/28/18 at 1806 hours](#):

- [441 acres](#) brush, [90% contained](#)
- Evacuations in south Standish

Lions, Vegetation Fire, Madera County

Location: Lion Point, in the Ansel Adams Wilderness Area

Jurisdiction: Federal DPA, FRA, Sierra NF/Inyo NF

Per Cal OES Duty Officers [and ICS-209 as of 06/28/18 at 1710 hours](#):

- [3,107 acres](#), [5% contained](#)
- Moderate fire behavior, flanking and isolated torching
- Managed fire for multiple resource benefit
- Crews continue to scout possible fire lines utilizing natural barriers

FIRE ACTIVITY

INLAND REGION (Continued)

Lane, Vegetation Fire, Tehama County

Location: Hwy 36, Paynes Creek

Jurisdiction: State DPA, SRA

CAL FIRE IMT-2 is assigned

Per Cal OES Duty Officers and ICS-209, as of 06/28/18 at 1657 hours:

- 3,716 acres grass, brush and timber, 87% contained
- Expected containment: 06/29/18

Deployments

- 2 Cal OES Fire and Rescue Branch Assistant Chiefs
- 2 Cal OES Public Safety Communications Technicians (PSCTs) assigned

Proclamations

- On 06/26/18, a Proclamation of Local Emergency was received as a result of the fires burning in Tehama County. The county is requesting California Disaster Assistance Act (CDAA) and Small Business Administration (SBA) disaster assistance.

Creek Complex, Vegetation Fire, Shasta County

Location: Clear Creek Rd. x American Rd. west of Redding

Jurisdiction: State DPA, SRA

Per Cal OES Duty Officers and ICS-209 as of 06/28/18 at 1649 hours:

- 1,678 acres grass and oak woodland and timber, 85% contained
- Expected containment: 07/01/18

FMAG

- On 06/24/18, a Fire Management Assistance Grant (FMAG) request was received by Cal OES and approved by FEMA; FEMA-5244-FM-CA.

Proclamations

- On 06/27/18, an Emergency Proclamation was received from Shasta County for the Creek Fire. They are requesting Director's Concurrence, a Gubernatorial Proclamation, and CDAA.

FIRE ACTIVITY

COASTAL REGION

Pawnee, Vegetation Fire, Lake and Colusa Counties

Location: Pawnee Rd. x New Long Valley Rd., 4 miles NE of Clear Lake Oaks

Jurisdiction: State DPA, SRA

CAL FIRE IMT-3 assigned

Per Cal OES Duty Officers and ICS-209, as of 06/28/18 at 1801 hours:

- 13,700 acres grass and oak woodland, 50% contained
- Expected containment: 07/01/18
- 500 residences and 100 minor structures threatened
- Single residences damaged: 3
- Other minor structures damaged: 3
- Threat to Indian Valley Reservoir Hydroelectric Plant

Activations

- Lake County EOC is activated at Level 3, Operational Period 0800 - 1800 hours daily

Deployments

- 1 Cal OES Fire and Rescue Branch Assistant Chief
- 1 Cal OES Law Enforcement Branch Assistant Chief
- 1 Cal OES Coastal Region Emergency Services Coordinator (ESC)
- 3 Cal OES PSCTs assigned

FMAG

- On 06/23/18, an FMAG request was received by Cal OES. On 06/24/18, the FMAG was approved by FEMA; FEMA-5244-FM-CA.

Proclamations

- On 06/24/18, a Proclamation of Local Emergency was received from Lake County as a result of the incident. On 06/27/18, a letter was received from Lake County requesting disaster assistance under CDAA.
- On 06/25/18, Governor Edmund G. Brown Jr. issued an emergency proclamation for Lake County due to the effects of the Pawnee Fire, which has destroyed homes, threatened critical infrastructure, and caused power outages and the evacuation of residents. [Click here for full proclamation](#)

Evacuations

- [Evacuation orders are still in place for the Walker Ridge and Indian Valley Reservoir area, Lake County.](#)

FIRE ACTIVITY

COASTAL REGION (Continued)

Pawnee, Vegetation Fire, Lake and Colusa Counties (Continued)

Shelters

- American Red Cross (ARC), Lower Lake High School, 9430 Lake St., Lower Lake
 - Midnight Population, 06/28/18: 9
- Unsanctioned Shelter: Moose Lodge, 15900 E. Hwy. 20, Clearlake Oaks
 - Midnight Population, 06/28/18: 0

Road Closures

- Road closure will remain at Walker Ridge Rd. and Hwy. 20

Critical Infrastructure

- Indian Valley Dam at Indian Valley Reservoir – Owned by Yolo County Flood Control District
 - Impacts: Dam operator reported that the fire has affected the infrastructure.
 - Dam operations are not affected - They are running on generator power and their ability to produce hydro power is down.
 - At this time, there is no threat to the dam.

Water Impacts

- Lake County CSA 2 Spring Valley ID #17110018 service area was evacuated.
- Spring Valley serves 494 connections (pop. est. 995).
- Water source: Cache Creek treatment: slow sand filtration and disinfection.
- Telemetry was restored 06/25/18. Water system is producing enough water to keep up with demands. No advisory in place.

Health/Medical

- 1 Air Monitor is currently placed in Middletown and available to move to other locations as needed.
- 1 Air Monitor is in Clear Lake.

Recovery

- CAL FIRE damage inspectors, along with Lake County building inspectors, assessed areas on 06/26/18 for initial damage estimates.
- Public works is removing hazardous trees in fire affected areas in anticipation of re-entry.
- Local Assistance Center (LAC) opened on 06/28/18 from 0900-1900 hours.
 - Location: Spring Valley Community Center, 3000 Wolf Creek Rd., Spring Valley

WEATHER OF CONCERN

Weather of Concern

- Hot temperatures combined with locally breezy north winds and low humidity will lead to critical fire weather conditions Friday into the weekend for interior Northern California.
- Increased risk of heat related illness on Saturday for northwest California.

WEATHER SYNOPSIS BY REGION

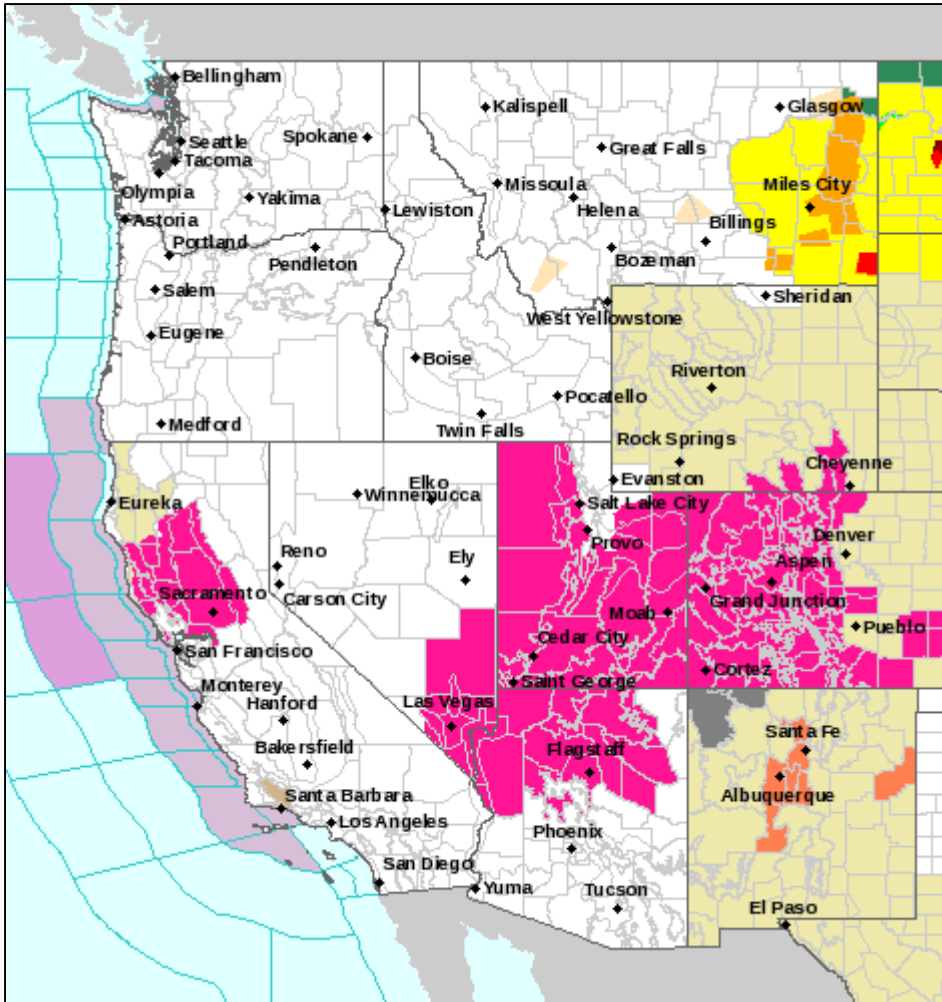

NORTHERN CALIFORNIA

Periods of gusty winds, hot temperatures and low humidity will occur through this weekend across the region as the weather pattern remains a bit unsettled with passing troughs and strengthening high pressure in between. A low pressure moving over the region today will be into the Great Basin this evening. Gusty W to NW afternoon winds (peak gusts mostly 20-25 mph) will develop over much of the region as the trough moves east. Some of the stronger winds this afternoon will gust to around 30 mph in The Delta region and nearby gap/pass areas. High pressure strengthening out over the Pacific right behind the trough starting tonight will affect the region through Sunday. Moderately strong, gusty N to NE winds will be developing early Friday and continue into Sunday. Peak wind gusts will be 20 mph to right around 30 mph. Temperatures will be hot (100 Fri, 105 Sat and Sun) and relative humidity (RH) low (5-12%) in the Sacramento Valley/Foothills and eventually Mid Coast to Mendocino. Those conditions are significant enough to designate High Risk for Sacramento Valley/Foothills Friday and Saturday and the Mid Coast to Mendocino Saturday. This event and its effects will be very similar what occurred this past Friday/Saturday. Winds will become much lighter in the Sacramento Valley Sunday, although hot, dry conditions will continue in all areas. Monday a trough is expected to move south over the region from out of the Pacific NW, and this will moderate temperatures and promote cooler onshore flow through next Thursday. Light northerly overnight winds in the Sacramento Valley and foothills may continue. Areas with gusty afternoon westerly winds are likely to continue over the western areas of the Geographic Area at that time as well.

SOUTHERN CALIFORNIA

A weak Pacific trough over the West Coast will bring westerly winds of 20 to 30 mph with gusts to 50 mph to the mountain ridges and desert passes through tonight. This trough will also cool temperatures to near or a little below normal through Friday, with 70s to low 80s across the mountains and mid 80s to mid 90s in the valleys. The marine layer will deepen, with low clouds and fog making it over the lower mountain slopes by Friday morning. A weak ridge of high pressure will build into California from the Pacific Ocean bringing several degrees of warming to the interior portions of the region this weekend. However, the marine layer will continue to be deep causing temperatures across the coastal areas and the coastal valleys to remain near to a little below normal. Southeast flow aloft will bring the possibility of isolated afternoon thunderstorms to the Sierra Crest Sunday. Another weak Pacific trough will move over the West Coast causing temperatures to cool back down to near or a little below normal across the entire region Monday through Wednesday. Westerly winds of 20 to 30 mph with gusts to 50 mph will surface across the wind prone mountain and desert areas once again Monday afternoon through Wednesday evening. Minimum humidity will be mainly in the single digits and teens above and inland from the marine layer through the middle of next week.
